Doing our part as ONE for World Clean Up Day 2022

This year, ONE commemorated World Clean Up Day (17th September 2022) with a month-long campaign involving our Global Headquarters, Regional Headquarters as well as local offices worldwide.

A total of 22 litter picking and beach clean-up events were organized across 13 countries, with over 400 employees in attendance. Together, they collected more than 1000KG of trash across beaches, in forest trails parks and even on the waters!

Friends, family, industry partners and environmental organizations also joined in the #ONEOcean initiative.

Catch some of our teams in action below!
